## NCLC Supporters

NCLC was launched as part of the War on Poverty with funding from the federal Office of Economic Opportunity, but for over twenty years we have been independently sustained through the support of a diverse network of private foundations, consumer advocates and attorneys, and individual donors.

As we approach our 50th anniversary, NCLC depends on the voluntary support of people and foundations concerned about consumer rights and economic justice, and advancing fairness in the marketplace for all. Our work is made possible by your support. ***Thank you*** to all who support NCLC, including the following:
